

AiRISTA Digest: March Edition

Upcoming Tradeshow & Events

Conference: IDN SUMMIT

Dates: April 7-9

Location: Orlando, FL

Conference: DMEA

Dates: April 8-10

Location: Berlin, Germany

Are you attending one of these events? If you'd like to schedule a time to meet with AiRISTA, 📧 **Contact us at salesinfo@airista.com.**

Ensure OSHA Compliance with Our Staff Safety Solutions

Healthcare workers face increasing risks of workplace violence, making emergency response preparedness more critical than ever. OSHA's Workplace Violence in Healthcare guidelines stress the need for hospitals to implement panic buttons, duress alarms, and real-time location tracking to protect staff from threats.

AiRISTA's solutions prioritize staff safety and regulatory compliance by adopting advanced staff duress systems. These systems align with OSHA's recommendations by offering:

- ✓ **Wearable Panic Buttons** – Instantly alert security teams during an emergency.
- ✓ **Real-Time Location Tracking (RTLS)** – Provides precise staff location for rapid response.
- ✓ **Automated Incident Reporting** – Ensures compliance with OSHA's safety guidelines.

By integrating AiRISTA's Staff Duress System, hospitals can enhance security, improve emergency response times, and ensure a safer workplace—all while meeting OSHA's safety expectations.

AiRISTA's Newest HPE Aruba Integration Elevates RTLS Performance

We're excited to announce that AiRISTA's Real-Time Location System (RTLS), Sofia, now integrates seamlessly with HPE Aruba AOS 10 on 500/600/700 series access points. This latest update enhances BLE tag support, ensuring precise data transmission and reliable performance.

With this integration, HPE Aruba access points can now transmit RTLS data directly to the Sofia server, enabling real-time location tracking, custom rule creation, and advanced alert management. This powerful synergy boosts efficiency, safety, and asset visibility across various industries.

Key Applications

- **Staff Safety** – Track employee locations to enhance workplace security.
- **Asset Tracking** – Monitor and manage valuable equipment in real-time.
- **Patient Flow Optimization** – Reduce wait times and improve hospital

efficiency.

- **Electronic Bed Management (eBMS)** – Streamline bed allocation for better patient care.

Learn more about how AiRISTA's AOS 10 integration can enhance your RTLS strategy. 📩 **Contact us at** salesinfo@airista.com.

The Key to Smarter Asset Management - Are You on Track?

Effective management of physical assets is crucial for any business aiming to optimize operations and maintain financial accuracy. Fixed Asset Management involves overseeing the entire lifecycle of tangible assets—from acquisition and maintenance to disposal—to ensure they are utilized efficiently and recorded accurately.

AiRISTA enhances Fixed Asset Management through its Real-Time Location Services (RTLS), offering precise tracking and management of physical assets. By integrating technologies like RFID, BLE, and Wi-Fi, AiRISTA's solutions provide real-time visibility into asset locations and statuses, optimizing utilization and maintenance. Our RTLS platform, Sofia, delivers actionable insights across various industries, streamlining operations and ensuring compliance. Additionally, our asset tagging solutions enhance operational efficiency by reducing asset loss and misplacement, supporting data-driven decision-making.

For a comprehensive understanding of Fixed Asset Management and its benefits, we recommend reading our full article by clicking the button below.

Unlock the Future of Asset Tracking –

Download Our White Paper

The world of Real-Time Location Services (RTLS) and asset tracking is evolving rapidly, and staying ahead requires an understanding of the latest technologies shaping the industry. Our exclusive white paper, "9 Technologies Behind Asset Tracking," dives deep into the innovative solutions revolutionizing how businesses track and manage their assets.

Why Download This White Paper?

- **Explore Cutting-Edge Technologies** – Learn about the latest advancements, from BLE and Wi-Fi to emerging solutions like Batteryless BLE.
- **Maximize Efficiency & ROI** – Understand how organizations are leveraging these technologies to reduce asset loss, improve workflow efficiency, and enhance operational visibility.
- **Stay Competitive** – Gain insights into how these tracking solutions are shaping industries, from healthcare to manufacturing and beyond.

Don't miss out on this essential guide to future-proofing your asset tracking strategy.

 **Download the white paper now** to gain valuable insights!

SPRING IDN SUMMIT &
REVERSE EXPO

Conference: IDN Summit & Reverse Expo

Dates: April 7-9

Location: Orlando, FL

About: The IDN Summit is a premier event that brings together senior healthcare leaders responsible for the healthcare and pharmacy supply chain with leading suppliers offering innovative solutions. Engaging with AiRISTA at this summit allows healthcare professionals to discover how RTLS can enhance asset tracking, patient flow, and staff safety within their organizations.

Conference: DMEA

Dates: April 8-10

Location: Berlin, Germany

About: DMEA is one of Europe's most significant events for digital health, bringing together experts, industry leaders, and innovators to discuss and showcase the latest in healthcare IT. Connect with AiRISTA at DMEA and gain insights into cutting edge technologies that address critical challenges in the

insights into cutting-edge technologies that address critical challenges in the healthcare sector, fostering collaborations that drive digital transformation and improve overall healthcare delivery.

Grow with Us: Discover Our Job Openings

We're on an exciting growth journey as customers embrace our innovative, simplified approach to location-based services. If you're passionate about shaping the future and want to be part of a dynamic team, we're looking for talented individuals in **Sales, Customer Service, Systems & Solutions Engineering**, and **Project Management**!

Ready to take the next step in your career? Reach out to us at HR@airista.com or check out our current openings at [careers](#). Let's create something amazing together!
